SUBJECT: AWARD OF EXCELLENCE IN FOOD SAFETY 2018

Congratulations! Your facility has received an **Award of Excellence in Food Safety** from the Sacramento County Environmental Management Department (EMD). This award is presented to food facility owners and operators in Sacramento County who have established a history of safe food handling practices.

The Retail Food Protection Program within EMD is responsible for issuing health permits to retail food establishments in Sacramento County and ensuring safe food handling practices through its inspection program. We present these awards on an annual basis to those facilities that have established an excellent inspection history; specifically, no major food handling violations during the last three routine inspections. The criteria and a complete list of award recipients are posted on the EMD website at emd.saccounty.net.

On behalf of EMD, I would like to commend you and your staff on the efforts made to provide safe food to our community. Enclosed is the **Award of Excellence in Food Safety** certificate acknowledging your accomplishments. We encourage you to post this award in a visible location in your facility.

Should you have any questions regarding the award or EMD's Retail Food Protection Program, please call our office at (916) 875-8440.

Sincerely,

Jason Boetzer
Division Chief, REHS
Environmental Health Division
